

Dear Film maker,
Our jury for this years Beyond Tv international film festival take pleasure to inform you that your film has been chosen for screening at this years festival.

The screening will take place on Saturday 22 November 2008 in Dylan Thomas arts centre, Swansea Marina, South Wales.

If you can attend the festival we will make available 2 complimentary passes for the entire day. This will also include free entry to the master classes and discussions with experienced film-makers.

BeyondTv screenings in Swansea is just the first of a series of screenings. We take many of the films on tour around UK Summer festivals such as Big Green Gathering, Glastonbury, Buddhafield, and many other festivals such as the Electric picnic in Ireland.

VisionOn.tv

If you have requested your film to be put online, we will do that over the Winter ready for the launch of our new internet TV channel VisionOn.tv in 2009. This will be a high quality non-profit distribution for inspiring films.

We release all films under a '*Creative Commons*' license allowing others to watch, screen and even distribute further without commercial gain. If anyone wants to use your film for any form of commercial broadcast they will contact the film maker (either direct or via ourselves) to gain permission.

As well as VisionOn.tv we will upload all films to 8 other video hosting sites including YouTube.

If you have not opted into VisionOn.tv yet and wish to do so, please send an email to info@visionontv.net with the name of your film and your name.

If you would like to attend BeyondTv, please send an email to beyondtv@undercurrents.org and we will provide 2 complimentary passes.

Congratulations on having your film chosen as one of only 21 films out of 346 submissions. BeyondTv programme with timings is attached.

Regards,
Paul O'Connor
BeyondTv festival curator
